

## Discovery - fiber mascara brush

Discover the union between technology and beauty!

A mix of concave and convex zones creates many reservoirs to load the lashes with the perfect amount of formula. Get a perfectly defined volume effect with a single coat, or keep layering for a false-lash effect.

Multiple rows of bristles designed to access all the lashes and draw them up and out.  
The result ? An incredible panoramic volume.

### PRODUCT STORY

---

A sophisticated star construction with multi-zones for an homogeneous loading and a clean application on the lashes.

### TECHNICAL INFORMATION

---

Brush material : fiber

Brush dimensions : Ø8.6mmx Length 36.5mm

Production : US

### CUSTOMER BENEFITS

---

Extra volume
