

D.N. Airless Ø35 Lotion pack

An airless complete pack in diameter 35 mm with a neutral engine.

PRODUCT STORY

The 100% neutral NEA is a new-generation, international reference for brand owners launching advanced facial care applications (serum, lotion, moisturizer, foundation, BB cream, liquid blush, concealer and eye contour). The platform is renowned for its soft actuation and ultra-smooth application with even the highest viscosity formulas. The cost effective pack for formula protection

- A choice of 3 standard collar designs: Generation (classic), Emotion (curvy), Sensation (straight)
- 3 different airless standard bottle sizes: 30ml, 40ml and 50ml
- Protection of the most sensitive formulas with a neutral engine
- Extra-smooth actuation even with the most viscous formulas
- Convenient and comfortable to use with a 360° application
- Flexible integration into your industrial process (atmo and airless filling)
- Decoration: standard colours: black, white and natural. Any specific colours available on request. Silk screening, hot stamping, offset varnishing, metalization
- Easy customization of actuator, collar and cap
- Made in France
- Compliant with Ecocert & Cosmos
