

Ultimate PCR tube

An ultimate blend of Post Consumer Recycled and Bio-based PE Plastic.

Best for: **Beauty** and **Personal care**

Available in **North America**

PRODUCT STORY

Albéa offers a range of post-consumer recycled tubes for all beauty and personal care applications, **available in US only.**

Why choose Albéa's PCR tube packaging? Our PCR material is supplied from secured and traceable PCR sources. This eco-friendly material has a minimal environmental impact and contributes to the circular economy: reprocessing existing plastics uses less energy and fossil fuels therefore reducing carbon footprint. Albéa's PCR tube packaging are recycling-ready, in the existing HDPE rigid streams.

Albéa's tube packaging ranges from 33% to 70% PCR material:

- ENCORE, basic tube containing 33% of PCR
- MAX, maximizing the amount of PCR
- BEAUTIFUL, perfect balance of aesthetics and sustainability
- ULTIMATE, composed of PCR and bio-based plastic
