

Project Manager

About Albea & the Product line that is recruiting

Albéa is a global leader in beauty, personal care, oral care, pharmaceutical and food packaging. Our site, Albea New York is our Sales Offices for North America.

Scope

- Responsible for projects for Fragrance & Cosmetics product line and developing products that will be produced in our plants.
- Reports to NPD Director and Business Dev NA

Main activities

- Builds and manages the project from need formulation up to delivery of first industrial production (QCT & performances)
- Interact with customers, sales, marketing to collaborate on customer and strategic projects
- Collaborate with the manufacturing site to secure resources and set priorities
- Anticipate risks and proactively address them
- Ensure NPD methodology is understood and effectively implement it in the organization

Accountability including KPIs

- Guarantees project feasibility with Need, Product, Process, Suppliers and Supply chain leaders. Make sure of on time validation of the project
- Ensures technical approval from customer / market (product/process...) in relation with Need leader and, when necessary, with support from Product Process or Suppliers and Supply chain leaders
- Guarantee global and operational transfer of the project to the plant until production is stabilized
- Share project's Quality/Cost/Time Performance objectives and guarantee new product launches are on-time, in full, at cost, on budget, and meet quality requirements in line with project charter.

Profile (Experience & qualifications)

Experience and education

- 5 years' experience in project management role involving direct client interface and product development
- Experience in packaging/fast moving consumer good industry is preferred.
- Implementation of LSS methodologies on transactional or non-manufacturing environments, a plus.
- Experience in Quality Management Systems, a plus

Knowledge/Technical Skills required

- Fluent in both written and oral English.
- Knowledge of injection molding and mold design/development is a plus
- Proficiency in Project Management (PMI certification a plus)

Leadership skills

- Win as One Team - Breaks silos. Actively supports and contributes to the success of other departments
- Build the Future - Integrates changes positively. Helps teams to follow and adapt. Ensures buy-in.
- Engage & Act - Manages priorities, Acts at the right time and decisively
