

## OUR PEOPLE & COMMUNITIES

We want all our people to be safe and feel engaged; we want our communities to benefit from all our everyday industrial and commercial activities.

### 3 priorities for 2020

- Safety & wellbeing
- Engagement & inclusion
- Communities involvement

## OUR PRODUCTS

We want to design, manufacture, source, sell and ship in the most sustainable way possible all the products we create as well as the products we develop for our customers - across their whole lifecycle.

### 3 priorities for 2020

- Eco-design (3R)
- Packaging safety & regulatory compliance
- Packing & transportation

# OUR COMMITMENT TO CORPORATE SOCIAL RESPONSIBILITY

We want to improve the environmental, social and economic footprint of our activities across the world, for all our people and all our stakeholders, in all the communities where we operate.

It is our commitment to grow our company while acting responsibly and impacting positively the world we all live in.

## OUR OPERATIONS

We want to strive for world-class operating excellence in all our facilities across the world, ensuring health and safety, resource efficiency and environmental friendliness.

### 3 priorities for 2020

- All sites ISO 14001 / OHSAS 18001 certified
- Efficient use of energy and water
- Reduction of waste, CO<sub>2</sub> and VOC emissions

## OUR SUPPLIERS & PARTNERS

We want all our suppliers and partners to ensure the wellbeing of their people, contribute responsibly to our environmental footprint, and help create value for the whole ecosystem.

### 3 priorities for 2020

- Social compliance
- Green innovation
- Solidarity sourcing
